CAREER OBJECTIVE

Seeking a challenging position as a Full Stack Developer in a dynamic and innovative organization. Eager to leverage my extensive experience in developing and managing software applications using diverse technology stacks. Committed to enhancing my skills and knowledge while contributing to the growth and success of the organization. Looking forward to working in an environment that values creativity, collaboration, and continuous improvement.

HARD SKILLS

- **Front End Programming:** HTML, CSS, JavaScript, React JS, Redux
- **Back End Programming:** Node JS, Python, PL/SQL
- **Frameworks:** React JS, Tailwind CSS, Express JS
- **Databases:** MangoDB, MySQL, Oracle
- **OS, IDE and Tools:** Visual Studio Code, PL/SQL Developer, Excel
- **DevOps:** GitHub Actions

WORK EXPERIENCE

Full Stack Web Developer, Tata Consultancy Services   Oct 2021 - Present

- Successfully developed and managed software applications utilizing diverse technology stacks, resulting in a 30% increase in overall application performance. Implemented bug fixes, performed debugging, and contributed to feature development to enhance application functionality and performance.
- Ensured applications are production-ready by conducting rigorous testing, bug fixing, and feature development. Implemented best practices to optimize performance, usability, and reliability of software products before deployment.
- Designed and implemented Create, Read, Update, and Delete (CRUD) operations and developed robust backend APIs using Node.js and MongoDB.
- Achieved 95% client satisfaction rate by ensuring projects were completed on time and met all client specifications.
- Increased team productivity by 25% by implementing Agile methodologies and conducting regular sprint reviews and retrospectives.

Trainee, Nilaapps   Jun 2021 - Sep 2021

- Successfully assisted in developing web applications utilizing HTML, CSS, JavaScript, and various backend technologies, contributing to a noticeable increase in overall application performance.
- Developed responsive web pages, ensuring cross-browser compatibility to enhance user experience across different devices and browsers.
- Assisted in database management and performed Create, Read, Update, and Delete (CRUD) operations using MySQL, maintaining data integrity and efficiency.
- Implemented bug fixes, performed debugging, and contributed to feature development to enhance application functionality.
